## **CAREER SUMMARY:**

Computer Science student specializing in Application Development with a strong foundation in programming languages and innovative problem-solving skills most efficient in JS/TS and Ruby/Rails. Equipped with hands-on experience in designing, developing, and deploying applications across various platforms. Proven ability to collaborate effectively in team environments. A quick learner with a passion for staying updated on emerging technologies and trends in the ever-evolving field of computer science. Seeking opportunities to leverage skills and knowledge to contribute to dynamic projects and drive impactful results.

## **WORK EXPERIENCE:**

- Work Immersion at Rex Publishing Main Building, H.R Department
- Work Exposure at DSM Manila LLP

## **EDUCATIONAL BACKGROUND :**

- Senior High School - Pasig Catholic College  
2017 - 2019
- BS Computer Science - MAPUA University  
2019-2024

## **CERTIFICATES / AWARDS:**

- National Certificate II (Computer System Servicing)
- Data Warehouse Concepts, Design, and Data Integration
- Object-Oriented Design
- Service-Oriented Architecture
- Greedy Algorithms, Minimum Spanning Trees, and Dynamic Programming
- Data Science Methodology
- Visual Elements of User Interface Design

## **SKILLS:**

- Java, JavaScript, Ruby, CSS, HTML, C#, C++, Python, MySQL, Angular, Apache, Rails.
- Hardware Troubleshooting
- Software Troubleshooting
- Proficient in version controls such as Git
- Able to create responsive prototypes in Figma
- Versed in using project management
